THE NEIGHBOURHOOD

Hastings–Sunrise, East Village

Hastings–Sunrise is one of Vancouver's oldest residential neighbourhoods, on the city's northeast side. Known for its community-focused atmosphere, multicultural influence and mix of small independent businesses, it feels quieter and more local than downtown — but still active and vibrant.

Local

Independent shops over big-box chains

Diverse

A multicultural, family-rooted community

Vibrant

Quiet streets with a lively main strip

OUR STORY

Glasses that tell your story.

OEIL began when our founder moved to Vancouver and lost his glasses. Rushing to replace them, he visited store after store and found that stylish eyewear was expensive — and that the affordable options felt limited and repetitive.

That experience became OEIL: a brand that blends affordability with modern, expressive design. Glasses shouldn't only improve how you see — they should reflect the personality and story of the person wearing them.

MISSION

Great glasses, without giving up style or affordability.

OEIL is an optometry boutique committed to bringing our customers the best-quality eyewear while keeping it stylish and accessible.

VISION

Where style meets personal identity.

To be known worldwide for designing glasses that tell the story of every individual who wears them.

VALUES

Affordability

Everyone deserves access to stylish eyewear.

Creativity

We design with originality and purpose.

Quality

Every pair of glasses is made to last.

Sustainability

We care for the planet and choose responsible materials.

How OEIL speaks

Like a friend with great taste who also happens to be an expert: warm, sure of itself and honest about price.

01

Warm

We talk to people, not patients. Friendly, never overly familiar.

Not: cold or clinical

02

Refined

Few words, well chosen. Style shows in restraint.

Not: snobbish or trendy

03

Honest

Clear prices and clear advice. Value, said with confidence.

Not: “cheap” or pushy

04

Expert

Eye care knowledge explained simply, without jargon.

Not: technical or vague

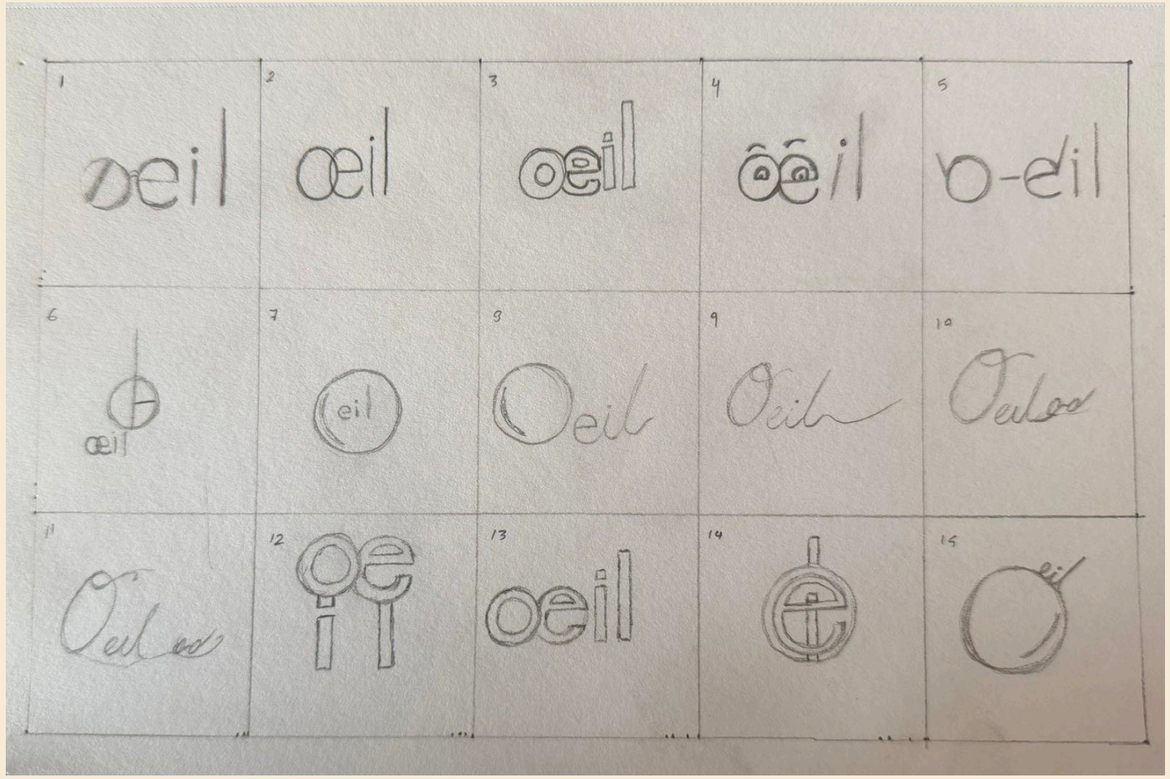

FIG. 1 — EARLY LOGO CONCEPTS

PENCIL ON PAPER

THE CONCEPT

A pair of eyes.
A pair of glasses.

“L’œil” means “the eye” in French — the name says exactly what we care for. The mark isolates the “œ” at the heart of the name, and it reads twice: two round letters looking back at you like a pair of eyes, or seen from the front like a pair of glasses. The ivory “o” and golden “e” pair function with style.

L’œil

01 The name
“L’œil” — French for “the eye”.

02 A pair of eyes
Two round letters looking back.

03 A pair of glasses
Two lenses joined at the bridge.

Logo family

Use the primary logo whenever space allows. The other versions are for small, square or labelled formats.

GEOMETRY

Built on one module

The module (m) is the stroke width of the letters. Every proportion of the mark, its clear space and its lockups is a multiple of it, so the logo scales without losing balance.

Module (m)	Stroke width
Height (H)	6 m · x-height to baseline
Width	≈ 11 m · ratio 1.8 : 1
Letters	Two circles · two lenses
Overlap	≈ 0.7 m · “e” sits over “o”
Clear space	3 m (½ H) on every side
Drawn from	Poppins Regular, -16% kern
Colour	“o” Sand Tint · “e” Golden Sand

Primary lockup

Tagline: Poppins Regular, centred

MINIMUM SIZE	PRINT	SCREEN
Primary lockup	25 mm	120 px
Secondary (badge)	15 mm	64 px
Wordmark	30 mm	140 px
Logomark	10 mm	24 px

APPLICATION	LOGO WIDTH
Business card	Logomark · 40 mm
Letterhead	Wordmark · 35 mm, top left
Shopping bag	Primary · 90 mm, centred
Fascia sign	Primary · 900 mm

Give it room to breathe

Always use the original high-resolution files. Never redraw, distort or recolour the logo.

Clear space. Keep a margin of **x** on every side, where x is half the height of the logomark (3 modules). No text, image or edge may enter this zone.

Print · min. 10 mm

Screen · min. 24 px

Minimum size. Logomark sizes shown. Full specs on page 12.

× Don’t stretch or squash

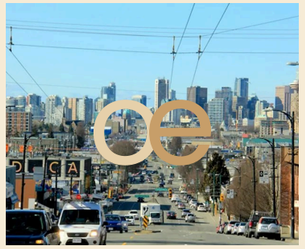

× Don’t change the colours

× Don’t rotate

× Don’t add effects

× Don’t place on busy images

× Don’t change the typeface

Incorrect use. These changes weaken recognition. When in doubt, use the primary logo on Soft Ivory or Espresso.

Window vinyl	Tagline + illustration
Door	Logomark + street number
